

A note from the editorial director

South Asian Wireless Communications is your magazine & we welcome your contributions.

Below, you will find the topics that we are aiming to cover for our features in 2017 & encourage you to get in touch if you would like to find out more about how you can get involved with these.

As well as features, we also encourage you to contribute to the regular sections detailed below. Your comments are always valued so please feel free to contact me, Rahiel Nasir, editorial director at rahieln@kadiumpublishing.com.

NEW FOR 2017: The Interview

In-depth conversations with the key men, women & organisations that are shaping telecoms.

News review

Including regional reports & developments, technology updates, deployment news, etc.

Wireless business

Financial reports, M&A activity, personnel moves, & investment news.

Wireless solutions

New products and solutions to help build better wireless networks.

World news

The latest global wireless developments.

Case studies

Tell us your stories about wireless technology deployments across the region.

Industry views

We welcome guest columnists, opinion articles & technical features from industry experts, so please get in touch to discuss your ideas. Some of the issues we'd like to hear about in 2017 include:

- ◆ Satellite & its unique place in supporting South Asian broadcasters
- ◆ Building hetnets
- ◆ Delivering the digital dividend
- ◆ Are technologies such as TV white spaces really viable in South Asia?
- ◆ How do users choose IoT hardware?

Important note for contributors:

All features and publication dates are subject to change, cancellation or alteration without notice. The editor welcomes editorial contributions but Kadium Limited cannot be held liable for any losses or damage caused by the non-publication of material. All articles for publication are accepted in good faith and authors must be able to verify that such submissions are previously unpublished and represent their own original work which is not subject to local or worldwide copyright or legal restrictions. All articles for publication are subject to editing and alteration to suit the needs of the publisher. Upon publication, ownership and all worldwide rights of commissioned features transfer to Kadium Limited and cannot be reproduced in any print or electronic format, or stored in an archive retrieval system, without prior written permission. © 2017 Kadium Ltd.
